The Next Move

60–75 minutes / Work independently

You run Vela's inspections. Decide when to open a site and when to hide it. Then see what happens when the same rival can respond at the next meeting.

Open the activity in a browser. The sources and tools you need are inside.

1. Play the inspection meetings

Read the grid with your rival's action held fixed. Compare opening throughout with hiding early and hiding late.

2. Advise Vela on two agreements

Follow the inspection rules and the distribution of gains. Then predict how each tariff fine changes the choices available to both sides.

3. Transfer to a treaty and a rescue call

Choose one treaty excerpt, defend a claim about a rule, and check whether the radio case works like the inspection game.

Minimum words in For Class

One inspection meeting	**30**	Treaty analysis	**45**
Timing and reciprocity	**30**	Rescue radio	**15**
Two draft agreements	**45**		

Start, pause, and submit

Choose For Class at the start. Enter your name and, if you wish, your class or section. Finish the responses and checks to open your report.

To pause or change devices, open Save & resume and download a JSON backup. Use the same activity and mode to restore it.

Choose Download Class PDF in your finished report. If needed, use Print or save as PDF. Open the PDF to check your name and responses, then upload it to Canvas.
